

# YOUR PERFECT TENNIS PARTNER!

A new exciting innovation in the world of tennis: Tri-tennis®! This new product makes playing tennis possible anywhere both for amateurs and professionals!

The Tri-tennis® trainer has a weatherproof sailcloth that is attached by springs to a galvanised-steel frame. When you hit a ball against the canvas it **always returns at the same speed**, irrespective of the speed of the stroke and at just the right distance for your next shot. When hitting the ball, Tri-tennis® gives you sufficient time to prepare for the next stroke.

Tri-tennis® is suitable for various playing styles and can be set up on every kind of surface and in all weathers. It is also ideal for all ages and abilities, making it a really handy device for tennis coaches, adults and juniors. In addition, the Tri-tennis® is suitable for children just starting tennis as it is possible for several children to play at the same time.

## Tri-tennis® can be used for:

- **At home;** perfect to use in the garden, driveway or in a loft / garage
- **Tennis, sports & fitness clubs;** you do not need a tennis court
- **Sports shops;** customers are able to try their new or existing racket direct in your shop
- **Recreation grounds and camp sites;** pleasurable and child friendly addition for your visitors
- **Company;** interesting product for promotion purposes
- **Schools;** without guidance, more children can play simultaneously

## Printing:

Tri-tennis® is an interesting product to attract new sponsors to your tennis club or organisation. It is possible to print the logo / company name on the tennis canvas, opening up great possibilities for new or existing sponsors.
